COMPANY OVERVIEW

Trinity Electrical Contractors (Pty) Ltd, established in June 2024, is a reputable provider of electrical services across industrial, commercial, and residential sectors. We specialize in high-voltage and low-voltage systems, transformer installations, fault-finding, compliance certificates (CoC's), new installations, ongoing maintenance, generator services, and 24/7 emergency support.

Our mission is to transform electrical challenges into effective solutions, ensuring reliability and peace of mind for our clients.

We emphasize integrity and honesty in our work, ensuring that every project - be it an installation, repair, or maintenance task - is handled with the utmost care. While we take pride in our core services, we also offer a diverse range of additional solutions tailored to meet various clients' needs.

For more information or specific inquiries, please reach out to us.

ABOUT US

At **Trinity Electrical Contractors**, our foundation is built on trust and powered by excellence. Our directors, Erich and Donovan, brings over 10 years of combined experience in the electrical industry. We prioritize quality, consistency, and safety in every project, aiming to establish long-term partnerships by ensuring optimal performance of electrical systems.

Vision & Mission

Our vision is to become the leading electrical service provider recognised for our commitment to quality, innovation, and customer satisfaction. By leveraging our expertise and advanced technology, we strive to exceed client expectations while fostering relationships based on trust and reliability.

Core Values

Our core values guide our operations and decision-making:

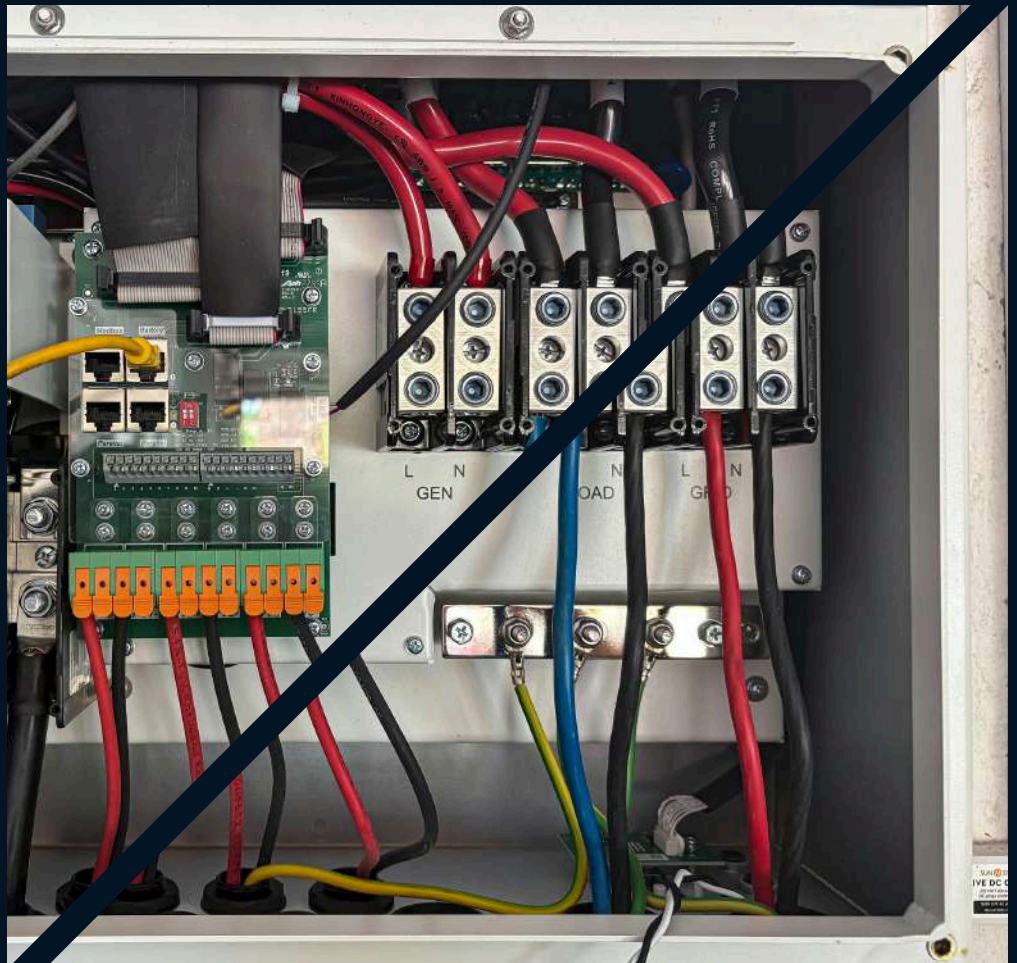

-  Integrity
-  Excellence
-  Client Focus
-  Reliability
-  Innovation
-  Safety
-  Teamwork
-  Accountability

We foster strong relationships through transparency and reliability while maintaining a steadfast focus on client needs. Our commitment to innovation ensures we offer cutting-edge solutions, all within a framework of strict safety standards.

OUR HISTORY

Trinity Electrical Contractors was established by Erich Landman and Donovan Goosen, two professionals dedicated to providing exceptional electrical services. With a shared vision and over 10 years of combined experience, they aimed to create a client-centric company grounded in hard work and integrity. Our motto, "**Built on Trust, Powered by Excellence**", reflects our dedication to quality service and maintaining the highest level of client trust.

MANAGEMENT TEAM

Our management team, consisting of Erich Landman, Donovan Goosen, and Marthinus Goosen, brings over 40 years of combined experience in the electrical industry. As directors, Erich and Donovan, have a passion for technology and innovation that has guided our careers. We began by taking on small projects before gaining invaluable experience at a well-established electrical company.

Marthinus Goosen joined the team, contributing over 30 years of industry experience. His extensive knowledge and leadership skills have been vital to the company's growth, enhancing operational capabilities and service delivery. Marthinus excels in managing complex projects, ensuring that quality and efficiency are consistently achieved.

Together, we have overseen a wide variety of electrical projects, managing and supervising installations across several sectors, including:

- Shopping centers, malls, and parking lots
- Office parks, hospitals, and student accommodations
- Schools, colleges, and warehouses
- Residential properties
- Retail outlets, such as Checkers, Pick n Pay, Woolworths, and various specialty stores
- Shop fittings and large-scale commercial installations

We have played key roles in several high-profile projects, including:

- | | | |
|--------------------------------|----------------------------|------------------------------------|
| • 24 Fredman Dr, Sandton | • Digistics | • Nkuna Kraal Mall |
| • 140 North Reef Park | • Dobson Point Pick n Pay | • Pinnacle College Waterfall |
| • 140 West | • Elukwatini Sport Scene | • Pick n Pay Ivory Park |
| • 214 Oak St | • Emit Logistics Skypark | • President Hyper Krugersdorp |
| • Abbotts College Centurion | • Exxaro | • Protea Glen Mall |
| • Alzu Shops | • Fruit & Veg Ladybrand | • Setsing Plaza |
| • Blueberry Square | • Groenkloof Life Hospital | • Shoprite Liquor Nigel |
| • BMW Rosslyn | • Irene Village Mall | • Skypark |
| • Boardwalk Shopping Centre | • Ivory Coast Embassy | • Soltech |
| • Brooklyn Life Hospital | • KFC Krugersdorp | • Sport Scene Makhado |
| • Bushbuckridge and Pick n Pay | • Lordsvue | • Terminal Park |
| • Cambridge Foods | • Maragon Mooikloof School | • The Greenery Woolworths |
| • Core Shopping Centre Rivonia | • Mayo Clinic | • The Groove Student Accommodation |
| • Curro Academy Wilgeheuwel | • Morena Mall | • Twin City |
| • Curro Northern Academy | • Mphephu | • Zebidela |
| • Curro Rustenburg | • Nedbank Lakeview | |

These projects, along with many others, showcase our ability to manage complex, large-scale electrical installations and demonstrate our adaptability and expertise across various industries.

Our entrepreneurial journey took a significant step toward when we were appointed as the primary service providers for several old age homes in Benoni, overseeing all maintenance work. The opportunity led to the formation of Trinity Electrical Contractors (Pty) Ltd, a company built on dedication, long hours, and unwavering commitment to excellence.

We, Erich and Donovan, further enhanced our qualifications by obtaining Compliance Certificates (CoC's), allowing us to offer a broader range of services under our brand. Together, we form a dynamic management team that embodies passion, dedication, and a relentless commitment to delivering high-quality electrical services.

Our journey is a powerful testament to how hard work, innovation, and a willingness to take risks can transform a vision into reality. We continue to inspire young entrepreneurs, providing that success is achievable with persistence, expertise, and an entrepreneurial spirit.

SAFETY PROTOCOL

At **Trinity Electrical Contractors (Pty) Ltd**, safety is our top priority. We are committed to maintaining the highest standards of safety on every project site to protect both our team and our clients.

Our safety protocols include:

- | | |
|--|---|
| Compliance with Regulations: | Adherence to all industry standards and regulations, including OHS requirements and electrical compliance codes. |
| Use of PPE (Personal Protective Equipment): | Team members are equipped with insulated gloves, safety goggles, hard hats, and flame-resistant clothing to minimize exposure to hazards. |
| Safety Audits and Inspections: | Regular on-site audits and inspections before, during, and after project completion to identify and mitigate risks. |
| Risk Assessment and Mitigation: | Detailed risk assessments carried out prior to starting projects, with specific controls implemented to ensure safety. |
| Lockout/Tagout Procedures: | Strict adherence to lockout/tagout protocols to ensure equipment is de-energized and cannot be accidentally re-energized during work. |

By implementing these stringent safety protocols, we ensure that our projects are completed safely, efficiently, and with the utmost care for all involved.

ENVIRONMENTAL COMMITMENT

At **Trinity Electrical Contractors (Pty) Ltd**, we are dedicated to promoting environmental sustainability in all aspects of our work, if requested by the client. We recognize the importance of minimizing our environmental footprint and strive to incorporate eco-friendly practices into our operations.

Our environmental commitment includes:

Energy-Efficient Solutions

Offering and installing energy-efficient systems such as LED lighting, energy-saving transformers, and smart electrical controls to help clients reduce energy consumption and lower their carbon footprint.

Sustainable Practices

Prioritizing the use of sustainable materials and practices, including recycling, proper waste disposal, and selecting products with minimal environmental impact.

Renewable Energy Solutions

Incorporating renewable energy solutions, like solar power systems, into installations to support clean energy use and contribute to a sustainable future.

Community Involvement

Actively participating in community initiatives and supporting local environmental programs to enhance the well-being of the areas in which we operate.

By integrating these environmentally conscious practices into our operations, we aim to make a positive impact on the environment while providing high-quality electrical solutions to our clients.

PROJECT MANAGEMENT APPROACH

At **Trinity Electrical Contractors (Pty) Ltd**, we employ a structured and efficient project management approach to ensure the successful completion of every project.

Our approach includes:

Detailed Planning and Consultation

Comprehensive planning and consultation with clients to understand specific needs, project requirements, and objectives.

Clear Project Scope and Objectives

Defining a clear scope of work and setting measurable objectives to align expectations, timelines, and deliverables.

Resource Management

Efficient management of labor, materials, and equipment to optimize productivity and minimize waste.

Timeline and Budget Adherence

Developing detailed schedules and budgets, with rigorous tracking to ensure projects stay on time and within budget.

Effective Communication

Maintaining open and transparent communication, providing regular updates to clients and stakeholders on project status and potential issues.

Quality Control

Implementing strict quality control measures, with regular inspections to ensure work meets high standards and complies with regulations.

Risk Management

Identifying and mitigating risks early to prevent disruptions and ensure smooth project execution.

Post-Completion Review

Conducting thorough reviews after project completion to assess outcomes, gather feedback, and address any final adjustments.

By following this structured project management approach we ensure every project is executed efficiently, to the highest quality standards, and focused on achieving our client's goals.

PARTNERSHIPS & SUPPLIERS

At **Trinity Electrical Contractors (Pty) Ltd**, strong partnerships and reliable suppliers are key to delivering exceptional service and quality. Our strategic relationships with reputable manufacturers and suppliers allow us to:

Source High-Quality Materials

Obtain top-grade electrical components, ensuring durability and reliability in every installation. We use materials that meet stringent industry standards.

Collaborate with Industry Experts

Work closely with partners to stay informed about industry trends, new products, and best practices, continuously improving our services.

Consistent Supply Chain

We strive to provide a reliable supply chain and meet project deadlines. While it is rare, factors beyond our control, such as stock availability from suppliers, may occasionally affect consistency. However, should such situations arise, we will do everything within our power to assist in meeting deadlines and will always develop alternative plans to support our clients effectively.

Access Cutting-Edge Technology

Stay at the forefront of electrical innovation through partnerships with industry leaders, offering clients the latest technology and energy-efficient solutions.

Ensure Competitive Pricing

Leverage long-standing relationships to source materials at competitive prices, passing these savings on to clients without compromising quality.

Commit to Sustainability

Partners with suppliers who offer eco-friendly materials and products, aligning with our environmental goals and providing clients with green energy solutions.

By collaborating with top-tier suppliers and industry experts, Trinity Electrical Contractors ensures that every project is supported by the highest quality materials and technologies, delivering reliable, innovative, and cost-effective solutions.

SERVICES & DESCRIPTIONS

At **Trinity Electrical Contractors (Pty) Ltd**, we pride ourselves on delivering top-tier electrical services that ensure the safety, reliability, and efficiency of your electrical systems. We cover all your electrical needs. Our team is dedicated to excellence, ensuring that every project, big or small, is handled with the utmost professionalism.

We have the expertise to ensure your systems run smoothly and safely. Trust us to provide innovative solutions and exceptional service, backed by our commitment to quality and safety. We offer more than just the service listed below. If you have any queries about services not mentioned, please do not hesitate to contact us.

HIGH VOLTAGE/LOW VOLTAGE INSPECTIONS

We conduct comprehensive inspections on high- and low voltage electrical systems to ensure they comply with safety standards and are operating efficiently. Our certified team assesses every aspect to mitigate risks and avoid future electrical failures.

HIGH VOLTAGE SWITCHING

Our high voltage switching services ensures that your electrical systems operate seamlessly and safely. We handle high-voltage switchgear operations, ensuring a reliable power supply for your operations.

TRANSFORMERS

We provide a full range of transformer services to ensure optimal performance and reliability for your electrical systems.

SERVICES & DESCRIPTIONS

(CONTINUE)

REPAIRS OF TRANSFORMERS

Our team specializes in transformer repairs, quickly restoring your equipment to full functionality and preventing extended downtime.

SERVICE OF TRANSFORMERS

Regular servicing is essential to maintain the efficiency and longevity of your transformers. We offer comprehensive maintenance solutions tailored to your system's needs.

SUPPLY OF TRANSFORMERS

We supply high-quality transformers suited to various electrical applications, ensuring you have the right equipment for your specific requirements.

INSTALLATION OF TRANSFORMERS

Our skilled team handles transformer installations with precision, ensuring safe and efficient integration into your electrical system.

GENERATORS

We offer a complete range of generator services to ensure a reliable backup power source for your home and/or business.

REPAIRS OF GENERATORS

Our expert team provides fast and efficient generator repairs to restore your equipment and minimize downtime during power outages.

SERVICE OF GENERATORS

Regular servicing of generators is essential for optimal performance. We offer comprehensive generator service packages to maintain their efficiency and extend their lifespan.

SUPPLY OF GENERATORS

We supply top-quality generators tailored to your specific power requirements, ensuring reliable and efficient power solutions for various applications.

INSTALLATION OF GENERATORS

Our professional installation services ensure seamless integration of your generator into your existing electrical systems, providing you with a dependable power source.

SERVICES & DESCRIPTIONS

(CONTINUE)

FAULT FINDING

We specialize in detecting electrical faults, identifying issues that could lead to potential hazards or system failures. Our experienced team ensures that your electrical installations operate safely and efficiently, minimizing the risk of downtime and/or damage.

CERTIFICATE OF COMPLIANCE (COC)

We provide Certificate of Compliance (CoC) for both our completed work and pre-existing electrical installations, ensuring they meet all necessary safety and legal standards. A CoC must be updated when any significant electrical work is done, or at least every two years to ensure ongoing compliance with regulations. This guarantees that your electrical systems remain safe and up to code.

NEW INSTALLATIONS

Our team expertly handles new electrical installations for residential-, commercial-, and industrial clients. We focus on quality, safety, and long-lasting solutions for all types of systems.

MAINTENANCE

We offer routine maintenance services for electrical systems, ensuring long-term reliability and minimizing downtime. Our proactive approach helps prevent costly repairs.

24/7 SERVICES

Our emergency response team is available 24/7 to handle any electrical issues that arise. Whether it's a power failure, equipment malfunction, or urgent repair, we're ready to assist at any time.

SERVICES & DESCRIPTIONS

(CONTINUE)

DATA RECORDING & REPORTS

We offer detailed data recording and reporting services, capturing critical electrical performance metrics to ensure systems are running at their best and identifying any potential issues early on.

TRACE & LOCATE CABLE

We offer specialized services to trace and locate underground cables and other electrical infrastructure, minimizing the risk of damage during construction or repairs.

THERMAL IMAGING & REPORT

Using advanced thermal imaging technology, we detect electrical faults that may not be visible, providing detailed report to prevent future issues and enhance system reliability.

OIL PURIFICATION

We provide oil purification services for transformers to improve their efficiency and prolong their operational lifespan, ensuring clean, dielectric oil in your equipment.

CONSTRUCTION

We handle electrical installations in construction projects, from planning to execution, ensuring all electrical systems are installed to the highest safety and performance standards.

HIGH VOLTAGE TERMINATION & CABLE JOINT

Our team has the expertise to perform high voltage terminations and cable joints, ensuring a secure and reliable connection for high-voltage power systems.

SERVICE AREAS

Trinity Electrical Contractors (Pty) Ltd is based in the East Rand area, where we operate our main office and facilities, We provide 24/7 emergency services to ensure that we are available whenever our clients need us. Our service coverage extends nationwide, encompassing industrial, commercial, and residential sectors. Regardless of your location, we are committed to delivering prompt and reliable electrical solutions.

FREQUENTLY ASKED QUESTIONS

Why should you choose Trinity Electrical Contractors over other electrical companies?

Trinity Electrical Contractors stands out due to our commitment to quality, reliability, and customer satisfaction. Our experienced team of qualified electricians brings extensive knowledge and expertise, ensuring that every project is completed to the highest standards. We prioritize your needs and work diligently to provide tailored solutions that fit your specific requirements.

What guarantees do you offer for your work?

We take pride in our craftsmanship and offer guarantees on our services. Our work is fully compliant with industry standards, and we stand behind our projects with warranties on installations and repairs, giving you peace of mind.

Do you provide free estimates or consultations?

Yes, we offer free estimates and consultations to all potential clients. This allows us to assess your specific needs and provide a detailed, no-obligation quote to ensure the best solutions for your project.

How do you stay updated with industry trends and technologies?

We stay at the forefront of the electrical industry by continuously investing in training and certifications for our team. We also keep up with the latest technologies and advancements through regular workshops and industry events.

How do you handle project delays or unexpected challenges?

We understand that unforeseen challenges can arise during any project. When faced with delays or unexpected issues, we prioritize clear and immediate communication with our clients. We work proactively to find solutions, whether it's adjusting the project timeline, sourcing alternative materials, or reallocating resources to keep the project on track. Our goal is to minimize any disruptions and ensure that your project is completed efficiently and to the highest standard, even when challenges occur.
